Meeting	<p>Brian Massey opens with an overview the Pediatric Task Force’s Purpose.</p> <p>Our guest speaker Sandra Nasca explains what the Family Advocacy Network is, their objectives and why it important to get involved. (Presentation can be found here)</p> <p>Q & A for Sandra on FAN:</p>	

SWFLHCC Pediatric Care Task Force Meeting

Peggy Brown – Are there any priorities or anything that FAN is looking to accomplish?

Niki Shimko – The major focus is having a Peds disaster plan and they are also involved in identifying PECCS in agencies as well as major collaborations with EMS for children. They are looking to have more representation in FAN from different regions throughout the State.

Peggy Brown – Asked Niki to speak a bit on Emergency Medical Services for Children (EMSC) initiative?

Niki Shimko – EMSC is a program working to improve health care in the field for children. It's goal is to ensure that pediatric patients receive the best care possible in the prehospital setting. Kids are often viewed as "little adults," children actually have very different and specific medical needs.

*A EMSC representative will be invited to the upcoming meeting.

Brian Massey speaks about The FERNO Transportation Devices training. Videos, device manuals and a tip sheet put together by Niki Shimko can all be found on our website:

<https://swflcoalition.org/resource/ferno-pediatric-transport-devices/>

The Pediatric Surge plan/exercise is being developed and will be tested with an exercise in March

HVA & Gaps Survey is now open, Please take 15 min to complete this survey and add the pediatric specific gaps.

If you have any upcoming trainings you would like the members to attend.

Niki Shimko - On November 8th there will be an OB – Neonatal Education Series Lunch & Learn (Part 2)

Dan Sieber – Would like to highlight Special Needs Tracking and Awareness Response System (STARS) and it's needs to be expanded to the whole state. The PULSERA system will also be a great opportunity for reunification, and it has the possibility of fulfilling some of our challenges.

*A speaker from PULSERA will be at the Quarterly meeting on November 15th

Survey Update

Pre-Hospital and Hospital Surveys are open and will provide useful data that can drive and direct what initiatives this task force will focus on.

- Prehospital Pediatric Survey: <https://www.surveymonkey.com/r/PreHospitalPeds>
- Hospital Pediatric Survey: <https://www.surveymonkey.com/r/HospitalPedsSurvey>

Please visit the new Coalition website, it will be a helpful resource for the membership:

<https://swflcoalition.org/>

If you have any suggestions on trainings, exercises or any other resource that might benefit the members, please email us at: Coalition@hpcswf.com

SWFLHCC Pediatric Care Task Force Meeting
